Bids for IPL media rights could hit ₹50,000 crore

Experts say bump in sponsorships, increased viewership and larger number of matches justify the premium

Mumbai, March 31

The Board of Control for Cricket in India (BCCI), has set the combined base price for media rights of the Indian Premier League at ₹32,890 crore or \$4.35

This base price for the media rights for 2023-27 seasons of the premier cricket league is nearly double of the 2017 winning bid of Star. However experts believe that the bump in sponsorships, increased viewership through streaming and larger number of matches justify the premium.

The Board has based its reserve matches based on the current format with 10 teams and

74 games, although they have kept the option of increasing the number of games going

Experts suggest that the BCCI has been accurate with its pricing of the media rights, as according to their estimates, premier cricket league will fetch an auction purse higher than the base price.

Santosh N, Managing Partner at D&P Advisory, said: "We anticipated that the league will fetch a price between ₹90 and ₹100 crore on a per match basis in the auction. BCCI has priced the league at ₹89 crore per match, therefore bids will certainly clear the threshold."

According to him, the addi-

The introduction of two new teams is also a major factor in the increase of base price

tional premium the league eniovs over 2017 is because there has been a major bump in advertisement, viewership, especially OTT (over the top) viewer-

The introduction of two new teams — Lucknow Super Giants and Gujarat Titans – is also a ma-

jor factor in this price bump, as the number of matches goes up by nearly 20 per cent, increasing the league's run time. Bump in OTT viewership has also played a

Ajimon Francis, Managing Director at Brand Finance India, explained, "The pandemic has

made streaming almost as important as television now, which was not the case last time. OTT platforms did not have the sort of user base that the lockdown created.

"Viewership for Disney Hotstar for this year was 5-6 million, which was not the case in 2017,

lion users." For the first time in history, BCCI will be holding an e-auction on June 12. Market watchers are expecting a windfall of nearly ₹50,000 crore.

Race heats up

IPL, a key mover in establishing market supremacy in the media space, will be a coveted property, and Disney Star will have to fight tooth and nail to retain its hold.

Tech majors such as Amazon, Meta (Facebook) have shown interest, and with the upcoming merger, Zee-Sony could also emerge as a contender. Reliance-Viacom 18 is also in the mix.

"With two new teams, more matches, more engagement, more venues, we are looking to take IPL to newer greater heights," said BCCI Secretary Jay Shah, while announcing the IPL

RELIEF FOR PMC BANK RETAIL DEPOSITORS

DICGC settles main claim of ₹3,792 crore

Mumbai, March 31 The Deposit Insurance and Credit Guarantee Corporation (DICGC) on Thursday said it has settled the main claim aggregating ₹3,791.55 crore of Punjab & Maharashtra Cooperative Bank Ltd (PMCBL) for 8,47,506 traceable depositors.

DICGC asked depositors of the erstwhile PMCBL (transferor bank) to contact the transferee bank (Unity Small Finance Bank) for receipt of their claim amount.

Scam-hit PMCBL was merged with Unity SFB with effect from January 25, 2022 (the appointed date for the merger), as per a scheme of amalgamation.

Chander Purswani, President, PMC Depositors' Forum, said the settlement of the deposit insurance amount will come as a relief for PMCBL depositors.

Under the scheme of amalgamation, Unity SFB will pay the amount it receives from DICGC to all the eligible retail depositors of PMCBL (transferor bank), which would be an

649,643/TRU/PC/2022

Particulars of Supply

amount equal to the balance in their deposit accounts or ₹5 lakh, whichever is less.

Depositors with deposits over ₹5 lakh will get their monies, depending on their balances, over 10 years from the appointed date. No interest on any of the interest bearing deposits with the transferor bank will accrue after March 31, 2021 for a period of five years from the appointed date.

Thereafter, simple interest at 2.75 per cent per annum will be paid at the end of each year for the amounts outstanding which will be payable after five years from the appointed date.

As at March-end 2021, PMC Bank had deposits aggregating ₹10,535 crore. Of this, about 70 per cent are retail deposits and the rest are institutional deposits.

Managing Directo

TRAI amends monthly tariff pack order

Asks operators to offer one 'Plan Voucher', one 'Special Tariff Voucher' and one 'Combo Voucher' renewable on same date every month

OUR BUREAU

month.

The Telecom Regulatory Authority of India (TRAI) on Thursday ordered that every telecom service provider (TSP) shall offer at least one 'Plan Voucher', one 'Special Tariff Voucher (STV)' and one 'Combo Voucher' renewable

If the date of such renewal is not available in a month, the renewal shall be the last date of that month

on the same date of every

After due consideration, the Authority has decided to issue the "Telecom Tariff (67th Amendment) Order, 2022 (02 of 2022)," after 60 days from the date of commencement of this Order.

In January, the TRAI had ordered this directive and had given 60 days for operators to implement the order, and modify their billing system.

Reliance Jio is the only operator to have commenced such tariff plans (30-day plan and

Response from TSPs

calendar month validity).

TRAI had sought comments

from the TSPs. The regulator had received responses from Bharat Sanchar Nigam (BSNL), Vodafone-Idea (VIL) and industry body Cellular Operators Association of India

BSNL in its correspondence asked, "If a customer recharges on January 29/ 30 or 31, what should be the next due date of recharge; If customer recharges on March 31, May 31, August and October 31, what should be the next due date

for recharge. VIL had stated that it would be meeting the requirements as prescribed under TTO (66th Amendment) Order. However, it had also given a tentative chart showing likely date of implementation for all LSAs, which may extend up to May 2023 and considering the issues it had requested for extension of time to meet the provisions of TTO 66th amendment (recharge with same date of every month), till technical feasibility issue is sorted out in balance 19 licensed service areas.

COAl on behalf of the sector had said that "any change to the tariff validity structure to make it renewable on same day of each month, will require gigantic efforts on consumer awareness, change in prepaid billing systems, publications in own and third party channels and retail channel education".

Currently, most of the prepaid tariff packs come with common validity period of 28/

56/84 days, but the Authority had received complaints from many customers of the 28-day validity packs, which the TSPs touted as a monthly nack.

"The validity period must be of 30 days, with a grace period of 15 days for incoming facility (barring of outgoing calls) beyond the validity period of 30 days. The validity period of 28 days is indirectly giving undue advantage to the TSPs. Separate tariff offers should exist for 28/29/30/31 days to extend a flexible services bouquet to the Indian mobile consumer community. The period should be a month with requirement of tariff to be renewed only on the same date of each month," the individuals had requested TRAI.

NON-GOVT NPS SUBSCRIBERS

PFRDA Board okays removal of automatic taper of equity

Also hikes 75% cap on equity under NPS Tier II to 100%

KR SRIVATS

Non-government NPS subscribers may have cause for cheer with pension regulator PFRDA's Board deciding to do away with the current norm stipulating automatic taper of equity exposure to Tier-1 account once they cross the age of

It has also decided to hike the 75 per cent limit on equity under NPS Tier II to 100 per cent, Supratim Bandopadhyay, Chairman, Pension Fund Regulatory & Development Authority (PFRDA), told BusinessLine

Once the taper norm gets removed – the decision is expected to be notified and implemented soon non-government NPS subscribers who had opted for 75 per cent equity in Tier I will not be required to pare their equity component on the stipulated age. In June 2018, the PFRDA had

enhanced the limit limit for NPS under its Active Choice to invest in Asset Class E (equity) to a maximum of 75 per cent from its earlier limit of 50 per cent.

Three riders

This was allowed with three riders. The first was that it applied only to the non-government subscribers of NPS. The second, when the subscriber turns 50, the equity portion will taper off according to a fixed schedule set by PFRDA. The equity allocation reduces 2.5 per cent each year till it reaches 50 per cent by the age of 60

Third, when someone joins NPS beyond 50, the maximum cap will start according to a specified table. To put it simply, for someone joining at the age of

54, the maximum cap will start from 65 per cent and will taper off with age.

Tier II equity cap hike

In the case of Tier II accounts, basically, an investment option given to a person to be attached to his pension account, the maximum equity cap has been hiked from 75 per cent to 100 per cent.

"We were getting feedback from corporate subscribers that those who understand equities should be allowed to go up to 100 per cent. We felt that if they want to take that kind of risk let them take, let them do it", Bandopadhyay

The PFRDA Chairman also said that the Board has stipulated that for keeping Tier I equity cap at 75 per cent without taper and Tier 2 accounts at 100 per cent equity, there will have to be a riskometer in place. "The board suggested you put a riskometer. It will be designed by Crisil and be on the lines of the riskometer in use in the mutual fund industry", he said.

Greenko raises ₹5,700 crore via green bond

OUR BUREAU

Mumbai, March 31 Greenko Group, a leading renewable energy and energy transition company, has raised \$750 million (₹5,700 crore) through green bond issuance to repay existing debt and fund the construction of an off-stream closedloop standalone pumped storage project at Kurnool in Andhra Pradesh.

The three-year secured green bond has been priced at 5.50 per cent. Greenko is building 30 giga watt hours (GWh) of storage capacity by 2025 as part of its plan for an energy storage cloud platform of 100 GWh. The fund raising provides an alternative pool of international liquidity to such projects, the company said.

The company engaged with investors across Asia, Europe and the US. The deal attracted an order book of over \$2 billion. Barclays, DBS, Deutsche Bank

(B&D) and JP Morgan acted as joint bookrunners and lead managers and JP Morgan also acted as the lead green structuring agent.

Airtel, Tech Mahindra to develop 5G use cases

With 7.7% growth, direct selling industry topped ₹18,000 crore in FY21, says report

New Delhi, March 31 The direct selling industry in the country clocked a growth rate of 7.7 per cent, crossing the ₹18,000-crore mark in FY20-21 despite pandemic-induced restrictions.

According to a survey report released by the Indian Direct Selling Association (IDSA), the industry's size was pegged at ₹18,067 crore in 2020-21 — up over ₹16,776 crore in the previous fiscal.

In a statement, Rajat Banerji, Chairman of IDSA, said, "Direct selling has provided sustainable self-employment & microentrepreneurship opportunities to nearly eight million Indians. Wellness & Nutraceutical

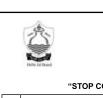

products category accounted for 58 per cent of the Indian direct selling sales, followed by cosmetics and personal care which contributed 22 per

According to the report, the northern region contributed around 29 per cent of the direct selling sales in the country for 2020-21. This was followed by the eastern region with approximately 26 per cent of the direct selling sales.

Resilient sector

This survey has been carried out by IPSOS Strategy 3. Minister of State for Consumer Affairs, Food and Public Distribution, Ashwini Kumar Choubey, who released the report, said: "The Government has given policy clarity to this industry, by way of the Consumer Protection (Direct Selling) Rules 2021. I am confident that this will pave the way for the industry's further growth."

The survey added that the direct selling industry has the potential to grow to ₹50, 000 crore in gross revenues by
