

KSKJ Life partners with Intellect SEEC for Digital Transformation

The Illinois-based fraternal organization will exponentially boost the productivity of its field force

Piscataway, New Jersey, Chennai, India: February 14, 2018—Intellect SEEC, the insurance software division of Intellect Design Arena, today announced its partnership with KSKJ Life, a Slovene fraternal organization based out of Joilet, Illinois.

KSKJ Life was looking to give their independent agents powerful tools to increase their productivity and help their home-office staff communicate seamlessly with their members. The organization partnered with Intellect SEEC for a complete digital transformation of their new business and post-issue servicing.

Intellect SEEC will be deploying its AI-powered, cloud-native Fraternal Suite for KSKJ Life. This platform supports seven powerful business apps, which are multi-device, multi-channel (supporting agent, back-office staff and members) and come out-of-the-box, all on a single codebase. This suite of integrated apps includes—CRM, Needs Analysis, Quote and Illustration, e-App, Profile Management, Customer Service and Product Launcher. The Fraternal Suite integrates with the KSKJ's existing core and external systems through APIs for real-time pre and post policy transactions. The Intellect SEEC platform provides the company the ability to meet their immediate need of productivity gains and digital empowerment, and their long term need for sustainable business growth.

“We cannot expect the field force of today, to work effectively with our members while dealing with a ton of paperwork. We need to unburden and empower them with the latest tools. Intellect SEEC was an easy choice for us because their suite allows KSKJ Life to bring forth the technology advancements we need to keep us competitive and enable business growth. We are giving our agents tools that not only help them sell, but also provide key insights for deeper engagement with our members,” said **Tony Mravle Jr., CEO of KSKJ Life**.

“We are happy to welcome KSKJ Life as our newest partner. We have been providing state-of-the-art technology at affordable prices for years. We are excited to bring our first fraternal client on the native-cloud platform and we hope to add more in the very near future. Our platform enables fraternal organizations to streamline end-to-end front-office capabilities by helping the agent, home-office personnel and members to collaborate in real time,” said **Pranav Pasricha, CEO of Intellect SEEC**.
