**AGREEMENT FOR THE SUPPLY OF WATER FROM THE WATER SUPPLY SCHEME  
SIPCOT INDUSTRIAL COMPLEXES / PARKS / GROWTH CENTRES**

This agreement made at SIPCOT Industrial Complexes / Parks / Growth Centre, on the 1<sup>st</sup> day of June Two thousand Twenty between STATE INDUSTRIES PROMOTION CORPORATION OF TAMILNADU LIMITED (SIPCOT) having its Registered Office at 19-A, Rukmani Lakshmipathy Road, Egmore, Chennai-600 008 and represented by its **Project Officer, Thiru S.Sakthivel S/o. late K.Shanmugam**, aged about 54 years SIPCOT Industrial Complexes / Parks / Growth Centre, (hereinafter called SIPCOT which expression shall unless the context otherwise requires include its successors, Administrators and assigns) of the ONE PART:

And M/s. Intellect Design Arena Limited, having their Registered Office at No.244, Anna Salai, Chennai – 600 006 represented by their **Global Head – Administration, Thiru Vijayakumar Rangaraju, S/o. K.Rangaraju**, aged about 47 years residing at Block 2B, Flat 102 Doshi, ETOPA-1, 3<sup>rd</sup> Panchayat Link Road, Perungudi, Chennai – 600 096 hereinafter called the allottee which expression shall unless the context otherwise requires include their successors, administrators, legal representatives and assigns) of the other Part, witnesses as follows:

  
**PROJECT OFFICER**  
SIPCOT Industrial Park, Siruseri

  
**Authorized Signatory**

For Intellect Design Arena Ltd.,

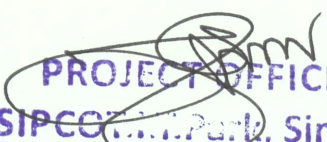

The ALLOTTEE has requested SIPCOT to supply water from the water supply system at the Industrial Complexes / Parks / Growth Centres, and SIPCOT agrees to supply water to the allottee for the Industry set up by them in Plot No. 3/G3, at SIPCOT Industrial Complexes / Parks / Growth Centres from the date of this agreement on the terms and conditions hereinafter mentioned. SIPCOT is at liberty to cancel or modify any or all of the conditions hereinafter mentioned after giving a notice of 15 days to ensure equitable distribution of water and to safeguard the general interests of the allottees in the Industrial Complex / Park / Growth Centre.

Now this Deed witnesseth as follows:

1. The pumps and pipelines upto the termination receiving point of the allottee shall be installed by SIPCOT at its cost and they shall always remain the property of SIPCOT.
2. SIPCOT shall man and run these pumps and maintain the pumping mains connected therein including pump-houses and their sites and the same shall always remain the property of SIPCOT.
3. The cost of maintaining and repairing the said installation due to normal wear and tear shall be borne by SIPCOT.
4. The water will be delivered as available from the infiltration wells/bore wells/open wells.
5. Water will be supplied at the receiving point of the allottee from the Over Head Tank /Sump or Well of SIPCOT upto a limit of 80,000 liters per day on a 16 (Sixteen) hours basis daily.
6. The water will be delivered into the receiving point of the allottee from where pumping for the use of Factory will be the responsibility of allottee. SIPCOT and its officers and servants will have free access to inspect and check the arrangements made at the delivery point.
7. The rate of pumping of water shall not normally exceed 80,000 liters per day and the allottee shall make arrangements to receive and design the internal system with adequate capacity, pressure, etc.
8. The allottee shall not interfere with the actual pumping or working of the scheme in anyway. The allottee shall use the water only for the purpose of the project for which the land is allotted including construction work. The water supply should not be used for maintenance of lawns, gardens etc., The water supplied should not be supplied to other units or outsiders, either on charge or at free of cost.
9. Every attempt will be made by SIPCOT to supply water on a 16 (sixteen) hour basis but in case of breakdown in the supply, the allottee shall make their own arrangements for supply by having recourse to storage sumps of the allottee system itself upto a minimum period of 24 hours and SIPCOT shall not be liable to pay any compensation, damages etc. on that account and for its failure to keep up continuous supply to its industry.

  
**PROJECT OFFICER**  
**SIPCOT Industrial Park, Siruseri**

  
**For Intellect Design Arena Ltd.,**  
**Authorized Signatory**

10.A. For the purpose of recovering charges from the allottee the water consumed by it shall be measured by water meter as herein provided, and the readings of the meters made by SIPCOT or its officers shall be binding upon the allottee.

B. Water meter shall be installed by the allottee in the pipeline connecting the water supply with the allottee and the maintenance of water meter shall be carried out by the allottee. The water meter shall be checked periodically and recalibrated from time to time by the allottee to the satisfaction of SIPCOT.

C. The water meter reading cycle will be from 27<sup>th</sup> and will be completed by 30<sup>th</sup> of every month as detailed below:

1 – 50 units	-	1 <sup>st</sup> cycle
51 - 100 units	-	2 <sup>nd</sup> cycle
101 - 150 units	-	3 <sup>rd</sup> cycle
151 - 200 and above units	-	4 <sup>th</sup> cycle

The readings taken by SIPCOT shall be final and binding on the allottee.

D.i. When the water Meter goes out of order in any month, on any day, the water charges for the particular unit, will be worked out for the number of days, the water meter goes out of order proportionately on the highest monthly consumption of a particular month in the preceding 12 months when the water meter was functioning and the unit was working subject to minimum as fixed as per clause No.11.a.

ii. The allottee shall inform SIPCOT immediately in case the water meter goes out of order and rectify the meter within two days, failing which a new water meter will be installed by SIPCOT and the cost will be included in the subsequent monthly water bill.

11.a. The charges for the quantity of water drawn by the allottee shall be payable at the rate as fixed from time to time by SIPCOT and subject to such minimum charge as may be fixed by SIPCOT.

b. The allottee has to remit at the rate as applicable per 1000 Litres of water for the allocated quantity towards the recovery of 50% of the capital cost of the water supply system at the time of execution of water supply agreement and the balance will be recovered on annuity basis along with the recovery of operating expenses every month.

12. The payment of water charges for each month at the rate specified in clause 11(a) shall be paid through online portal within 15 days of the receipt of the invoice. Representations on errors or omissions, if any, in the invoice can be made only after payment of the amount as per invoice. If the allottee fails to pay any invoice within the stipulated period, water supply will be disconnected on the 22<sup>nd</sup> day from the date of receipt of invoice.

For any payments made after 15 days from the date of receipt of Invoice, interest at 15.5% per annum or at such other rate as may be fixed by SIPCOT from time to time will be charged and collected.

  
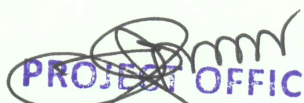

**PROJECT OFFICER**  
SIPCOT IT Park Siruseri

  
**For Intellect Design Arena Ltd.,**  
**Authorized Signatory**

13. Any tampering with the water supply system including unauthorised drawal of water or causing damage to SIPCOT installations or tampering with water meters will entail disconnection of water supply and cancellation of this agreement.
14. If the water supply is disconnected by SIPCOT for any reason, representation for reconnection of water supply will be entertained only subject to the following:
- The allottee has rectified all the lapses for which the water supply was disconnected.
  - The representation is accompanied by proof of payment of all arrears due as per this agreement and as per the lease deed for the plot including interest upto the date of representation.
  - The representation is accompanied by proof of payment of reconnection charges of Rs.1000/- plus GST as fixed by SIPCOT from time to time.
15. SIPCOT shall give atleast 24 hours notice for any disruption in supply of water to the allottee except due to the natural calamities or any other situation beyond the control of SIPCOT. When such prior intimation could not be given, SIPCOT will not be answerable to any loss or claim for damages on account of such stoppage of supply.
16. SIPCOT shall be at liberty to connect any other sources of water supply to the pipe line installations to the allottee and on request from the allottee shall also provide all information regarding the quality of water from new source.
17. Any disputes or differences between the parties arising out of or relating to this agreement shall be referred to the Managing Director of SIPCOT whose orders shall be final and binding upon the allottee.
18. The allottee will be entitled to the supply of water as per this agreement only on his fully complying with all the terms and conditions of the lease governing the allotment of the plot. On the cancellation of the lease deed governing the plot for any reason, the agreement for water supply will also stand automatically cancelled.
19. If allottees consume excess water over and above the committed quantity for two months continuously, the allottee shall pay additional capital cost on water supply (as applicable) for the excess quantity. Enhanced water charges will be levied till the payment of 50% capital cost for the additional quantity for the water consumed over and above committed quantity of water already agreed.
20. The allottee shall not draw water from their own Borewell / Open well / tube well sunk in private lands adjacent to SIPCOT Industrial Complex / Park / Growth Centre through pipeline unauthorisedly trespassing into SIPCOT premises. If at any time, such trespass is found by SIPCOT, water supply will be disconnected besides severing the trespassed water line.
- The allottee shall not sink any well/bore well/tube well within the plot leased to it without permission from SIPCOT.

  
**PROJECT OFFICER**  
**SIPCOT, IT Park, Siruseri**

  
**For Intellect Design Arena Ltd.,**  
**Authorized Signatory**

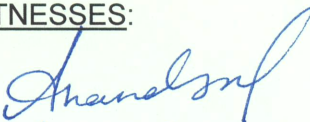

21. For any change in the constitution of the company prior written approval of SIPCOT should be obtained.

22. SIPCOT is at liberty to cut-off the water supply for violation of all or any of the conditions of this agreement including the terms and conditions governing the allotment of the plot.

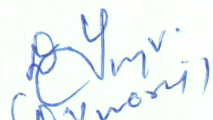

IN WITNESS WHEREOF THE parties to this Agreement have set and subscribed their respective hands on the day, month and the year first above written.

**Environment Statement Form V**

**ENVIRONMENTAL STATEMENT****FORM V**

(See rule 14 of Environment (Protection) Rules, 1986)

Environmental statement for the financial year ending the 31st March 2025

**PART - A**

(i) Name and Address of the owner/occupier of the industry operation or process:	Mr. Govindarajan K Project Head Intellect Design Arena Limited S.F. Nos. 111/1 Part etc., Plot No-3/G3, Egattur Village, Thiruporur Taluk, Chengalpattu District, Tamil Nadu.
(ii) Industry category Primary - (STC Code) Secondary - (SIC Code)	1079-Industrial Estates/ Parks/ Complexes/ areas/ Export processing zones/ SEZs/ Bio-tech parks/ Leather complex
(iii) Production capacity - Units	Software Development Complex consist of Office Building (S+7 Floors) and Utility Blocks (Ground Floor) with total built up area of 23375.12 Sq.m
(iv) Year of Establishment	2011
(v) Date of last environmental statement submitted	-

**PART - B****Water and Raw Material Consumption****1. Water consumption m<sup>3</sup>/ d**

Water consumption m <sup>3</sup> /day	During the previous financial year (2023-24)	During the current financial year (2024-25)
WC-II: Domestic	79.0	79.2

**Product output**

Name of Products	During the previous financial year (2023-24)	During the current financial year (2024-25)
Software Development Complex consist of Office Building (S+7 Floors) and Utility Blocks (Ground Floor) with total built up area of 23375.12 Sq.m	Not applicable as the project is Software Development Complex	

## 2. Raw material consumption

Name of raw materials	Consumption of raw material per unit of product output	
	During the previous financial year (2023-24)	During the current financial year (2024-25)
Software Development Complex consist of Office Building (S+7 Floors) and Utility Blocks (Ground Floor) with total built up area of 23375.12 Sq.m	Not applicable as the project is Software Development Complex	

### PART - C

#### Pollution discharged to environment/unit of output (Parameter as specified in the consent issued)

Pollution	Quantity of pollutants discharged (mass/day)	Concentration of pollutants in discharges (mass/volume)	Percentage of variation from prescribed standards with reasons
(a) Water	Nil (100% of treated sewage reused on site)	BOD: <10 mg/L COD: <30 mg/L TSS: <10 mg/L	Within limits as per TNPCB norms. No variation observed.
(b) Air	DG sets operated during power failure only. Emission load negligible.	PM: <50 mg/Nm <sup>3</sup> NOx: <150 mg/Nm <sup>3</sup>	Within CPCB / TNPCB stack emission standards. Emissions monitored periodically and found compliant.

#### Note:

Periodical monitoring of ambient air quality, stack emissions from DG sets, and treated sewage quality is carried out regularly to ensure compliance with TNPCB norms.

### PART - D

#### Hazardous Wastes

(As specified under Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008)

Hazardous wastes	Total Quantity (Kg.)	
	During the previous financial year (2023-24)	During the current financial year (2024-25)
5.1- Used Oil	0.15	0.27
5.2-Wastes or residues containing	0.026	0.03

oil		
35.1-Exhaust Air or Gas cleaning residue	-	-

**PART - E**  
**Solid Wastes**

Solid wastes	Total Quantity (TPA)	
	During the previous financial year (2023-24)	During the current financial year (2024-25)
Bio-Degradable Wastes	34.12	35.62
Non-Bio-degradable Waste	10.10	43.73
STP Sludge	15	16
Ewaste	6.71	0.68

**PART - F**

Please specify the characteristics (in terms of consumption of quantum) of hazardous as well as solid wastes and indicate disposal practice adopted for both these categories of wastes.

Type of Waste	Quantity TPA	Characteristics	Disposal Method
Used Oil (HW Cat. 5.1)	0.27	Oily, recyclable	Disposed through TNPCB authorized recyclers
Oil-Containing Residue (HW Cat. 5.2)	0.03	Oily, semi-solid	Disposed through TNPCB authorized agency
STP Sludge	16	Organic, semi-solid	Used as manure in greenbelt
Biodegradable Waste	35.62	Organic food waste	Composted within premises
Non-biodegradable Waste	43.73	Plastics, packaging material	Sent to municipal waste management
E-Waste	0.68	Obsolete IT hardware	Sent to authorized e-waste recyclers

**PART - G**

Impact of the pollution abatement measures taken on conservation of natural resources and on the cost of production

- ❖ Treated sewage from the STP is fully reused for toilet flushing and landscape irrigation, reducing freshwater demand.
- ❖ HVAC condensate collected in sump and recycled to HVAC to reduce Fresh Water demand.
- ❖ Rainwater Harvesting Structures (Collection sump & RWH pits) implemented to conserve water.
- ❖ Waterless urinals installed to reduce water demand.
- ❖ Air, noise, and stack emissions are regularly monitored and found to be within TNPCB norms.
- ❖ Greenbelt area has been enhanced using native species, contributing to microclimate regulation.
- ❖ Energy-saving measures such as LED lighting, timer-controlled chillers, and solar street lights have helped in reducing power consumption.
- ❖ Increased the quantum of wind energy purchase from 22 to 27 lakh units per annum aimed to compensate 70 to 80 % of total energy consumption
- ❖ Additionally installed 200 KW Roof Top Solar System which has to potential to generate 800 units day overall 8% of total energy will be compensated by this system
- ❖ We have completed the installation & commissioning of Retrofit Emission Device to reduce the pollution from DG sets
- ❖ Installed& commissioned vermi compost unit to recycle biodegradable organic waste

#### **PART – H**

Additional measures/investment proposal for environmental protection including abatement of pollution, prevention of pollution

##### **❖ Elimination of Single-Use Plastics**

Complete elimination of single-use plastics (less than 120 microns) from all office premises, in compliance with the Plastic Waste Management Rules.

##### **❖ Proposed Environmental Initiatives:**

##### **Solar Energy Utilization**

Planned installation of solar photovoltaic panels on the rooftop of utility buildings to promote the use of renewable energy and reduce dependency on grid power.

##### **Environmental Awareness Training**

Periodic training programs planned for staff, contractors, and maintenance teams to strengthen environmental awareness and ensure active participation in pollution prevention measures.

##### **Zero Waste to Landfill & Zero Liquid Discharge (ZLD) Certification**

Efforts are underway to achieve Zero Waste to Landfill and Zero Liquid Discharge certification to minimize environmental footprint and promote sustainable resource management.

### **Green Building Certifications**

The process of obtaining IGBC (Indian Green Building Council) and LEED (Leadership in Energy and Environmental Design) certifications has been initiated to ensure environmentally responsible and resource-efficient operations.

### **PART - I**

Any other particulars for improving the quality of the environment

- E-waste minimization initiative launched to encourage refurbishment before disposal.
- Conducting regular Environmental Awareness Campaigns among employees.

**Annexure 4**  
**EMP Spent Proof**

**Summary table showing the cost for EMP Capital and Operation & maintenance cost:**

The cost spent towards the Environmental protection, control & mitigation measures and implementation of the EMP, is detailed below.

<b>S. No</b>	<b>Component</b>	<b>Amount Spent in lakhs</b>
1.	Water Conservation (Sewage Treatment Plant)	70.0
2.	Fresh water supply	0.5
3.	Solid waste Management (Recycling of waste)	11.0
4.	Energy Conservation	50.0
5.	Environmental Monitoring	0.0
6.	Rain Water Harvesting System	14.2
7.	Occupational Health & Safety	1.0
8.	Green belt Development	5.0
<b>Total EMP Cost</b>		<b>151.7</b>
9.	For CER Cost	52.78
<b>EMP - Operation &amp; maintenance cost Lakhs per annum.</b>		<b>242.59</b>

## EMP Capital Cost Details

The cost spent towards the environmental protection, control & mitigation measures and implementation of the EMP is detailed below.

S. No	Component	Description	Amount Spent in lakhs	Evidence
1.	Water Conservation (Sewage Treatment Plant)	Dependence on fresh water requirement was reduced by recycle and reuse of treated STP Water. Treated Water of 68.3 KLD will be used for Toilet flushing & Avenue Plantation	70.0	 
2.	Fresh water supply	Fresh water 80 LKD Source from SIPCOT	0.5	 <p>தமிழ்நாடு தனியார் நியாயகம் ஒரு சூ ரூபயே रु. 100 भारत INDIA INDIA NON JUDICIAL</p> <p>11 JUN 2020 TAMILNADU Intellect Design Arena Limited Stamp Vendor T.S. Fresh EC

**Annexure 8**  
**Fire NOC**

K.Dis.No.14197/C1/2024  
Dated. 04.09.2024.

O/o.the Director of Fire & Rescue Service,  
No.17, Rukmani Lakshmipathi Salai,  
Egmore, Chennai – 600 008.

**Licence No.530/2024 (Renewal)**

- Ref: (1) Letter from the **M/s. Intellect Design Arena Limited, Chennai**, Dated:25.07.2024.
- (2) Letter R.C.No.2679/C/2024, dated.30.08.2024 from the Chairman, MSB Inspection Committee, **North-Western Region, Vellore.**

\*\*\*\*\*

With reference to the letter first cited above the Fire Licence is **renewed** as under, based on the recommendations conveyed in the reference 2<sup>nd</sup> cited above.

**FIRE & RESCUE SERVICES LICENCE**

The Fire Licence is hereby **renewed** under section 13 of the Tamil Nadu Fire and Rescue Service Act 1985 for the multi-storied building classified as **Group E Business Building, Sub-Division E-3 Computer Installations of M/s. Intellect Design Arena Limited, IT building consists of stilt floor + 7 floors with the height of 32.50 meters at S.No.111/1pt, 130/1pt, 168/1pt, Plot No.3/G3, SIPCOT IT Park, Egattur Village, Siruseri, Chengalpet District** subject to the following conditions and such other conditions as may be prescribed from time to time. This licence is valid for **ONE YEAR** from **04.09.2024** to **03.09.2025** and should be renewed on **04.09.2025**.

**CONDITIONS**

1. Periodical maintenance should always be ensured to keep all fire protection equipment and systems in good working condition.
2. "Mock drill" should be periodically conducted. The date of conduct should be informed to the District Officer, Chengalpet District well in advance to enable the team to make suggestions, if any.

3. Trained fire personnel should be available to operate the systems in case of any emergency.
4. All fire fighting equipment should always be kept in good working condition at all times.
5. Any erection of a permanent or temporary structure should be intimated to this Fire and Rescue Services Department.
6. With reference to air-conditioning it should not exceed the electricity board load on any account.
7. Available set back area 7 meters on all sides should be maintained to withstand the weight of 45 tons of fire fighting vehicle.
8. House keeping / dumping of waste material any where should be avoided. Dust bins should be cleared everyday.
9. Emergency fire exit, door should open from the floor to staircase only and not the other way round. The door should be in red reflector & arrow marks should commensurate with the gradient of staircase.
10. Do's & don'ts in times of emergencies should be available in a laminated hanging pad or otherwise in the telephone operator's desk as well as in the CE or emergency in charge of the officer's desk.
11. Alternate staircase should be kept free without any obstruction.
12. All staircases should be kept open during office hours and should be kept usable at any point of emergency.
13. Fire order / contingency plan should be prepared and displayed in each floor. It should also contain the rescue team members name, designation and contact number.
14. As per section 3.2 of BIS 12459, 1988 – code of practice for fire safety in cable regularization, 1m transparent fire retardant coatings shall be applied to all cables at termination points in electrical panels and all cables inside the distribution boxes.

LB 619/24  
for Director,  
Fire and Rescue Services,  
Tamil Nadu.

To:

M/s. Intellect Design Arena Limited,  
No.244, Anna Salai,  
Chennai – 600 006.

7.	Carbon Monoxide (CO)	8 Hours 1 Hour	miligram/m <sup>3</sup> miligram/m <sup>3</sup>	02 04	02 04
8.	Ammonia (NH <sub>3</sub> )	Annual 24 hours	microgram/m <sup>3</sup> microgram/m <sup>3</sup>	100 400	100 400
9.	Benzene (C <sub>6</sub> H <sub>6</sub> )	Annual	microgram/m <sup>3</sup>	5	5
10.	Benzo(O) Pyrene (BaP) -particulate phase only	Annual	nanogram/m <sup>3</sup>	01	01
11.	Arsenic (As)	Annual	nanogram/m <sup>3</sup>	06	06
12.	Nickel (Ni)	Annual	nanogram/m <sup>3</sup>	20	20

3(c) The Ambient Noise Level in the industrial plant area shall not exceed the limits prescribed below:

Limits in L.eq.-dB(A)	Day Time	Night Time
IndustrialArea	75	70

- All units of the Air pollution control measures shall be operated efficiently and continuously so as to achieve the standards prescribed in Sl. No.3 above.
- The occupier shall not change or alter quality or quantity or the rate of emission or replace or alter the air pollution control equipment or change the raw material or manufacturing process resulting in change in quality and/or quantity of emissions without the previous written permission of the Board.
- The occupier shall maintain log book regarding the stack monitoring system or operation of the plant or any other particulars for each of the unit operations of air pollution control systems to reflect the working condition which shall be furnished for verification of the Board officials during inspection.
- The occupier shall at his own cost get the samples of emission/air/noise levels collected and analyzed by the TNPC Board Laboratory once in every 6 months/once in a year/periodically for the parameters as prescribed.

8. Any upset condition in any of the plants of the factory which is likely to result in increased emissions and result in violation of the standards mentioned in Sl.No.3 shall be reported to the Member Secretary / Joint Chief Environmental Engineer-Monitoring and the concerned District/Assistant Environmental Engineer of the Board by e-mail immediately and subsequently by Post with full details of such upset condition.
9. The occupier shall always comply and carryout the order/directions issued by the Board in this Consent Order and from time to time without any negligence. The occupier shall be liable for action as per provisions of the Act in case of non compliance of any order/directions issued.

**Special Additional Conditions:**

The unit shall obtain No Objection Certificate (NOC) from the Tamil Nadu Bio Diversity Board /National Bio Diversity Authority if the unit is using any Biological resources or knowledge associated thereto as per the provisions of Biological Diversity Act 2002.

The industries shall take all efforts to use and popularize “Mission LiFE” logo and mascot which is available in TNPCB & MoEFCC website. They shall also request their employees to adopt “Mission LiFE” action points and document the same and furnish half yearly report to Board.

**Additional Conditions:**

1. The conditions stipulated in the Environmental Clearance obtained from SEIAA, TN vide EC Identification Number: EC24B3802TN5673011N and File No:11261dated 22/11/2024 shall be complied with at all times and six months compliance report of EC conditions submitted to SEIAA, TN to be furnished to TNPCB regularly.
2. In accordance with Item No.11 of the EIA Notification, 2006, any new industry shall obtain NOC from MoEF / SEIAA in the event of transfer of original EC in a different name.
3. Project Proponent shall comply with the final order/outcome passed by Hon’ble Chief Judicial Magistrate Court, Chengalpattu vide Case No.160/2024.
4. Project Proponent shall abide by the action to be contemplated by the Board for having completed its construction activity and commenced its operation without obtaining consent of the Board.
5. It shall be ensured that no process emission is let out from the activity under any circumstances and at any point of time.
6. The emissions let out from the stack provided to the DG set shall achieve the Ambient Air quality/Ambient Noise Level Standards prescribed by the Board.
7. Adequate green belt shall be developed with native species and maintained within the premises.
8. In case of revision of consent fee by the Government, the unit shall remit the difference in amount within one month from the date of notification. Failing to remit the consent fee, this consent order will be withdrawn without any notice and further action will be initiated against the unit as per law.
9. Project proponent shall maintain good housekeeping.
10. Project proponent shall not invite any public complaints for its operation.
11. This consent order does not absolve from obtaining necessary permission / clearance from other Authority or under other Statute as applicable.

**For Member Secretary,  
Tamil Nadu Pollution Control Board,  
Chennai**

## **GENERAL CONDITIONS**

1. The occupier shall make an application along with the prescribed consent fee for grant of renewal of consent at least 60 days before the date of expiry of this Consent Order along with all the required particulars ensuring that there is no change in production quantity and emission.
2. This Consent is given by the Board in consideration of the particulars given in the application. Any change or alteration or deviation made in actual practice from the particulars furnished, in the application will also be ground for review/variation/revocation of the Consent Order under Section 21 of the Act.
3. The conditions imposed shall continue in force until revoked under Section 21 of the Act.
4. After the issue of this order, all the 'Consent to Operate' orders issued previously under Air (Prevention and Control of Pollution) Act, 1981 as amended stands defunct.
5. The occupier shall maintain an Inspection Register in the factory so that the inspecting officer shall record the details of the observations and instructions issued to the unit at the time of inspection for adherence.
6. The occupier shall provide and maintain an alternate power supply along with separate energy meter for the Air Pollution Control measures sufficient to ensure continuous operation of all pollution control equipments to ensure compliance.
7. The occupier shall provide all facilities to the Board officials for collection of samples in and around the factory at any time.
8. The applicant shall display the flow diagram of the sources of emission and pollution control systems provided at the site.
9. The liquid effluent arising out of the operation of the air pollution control equipment shall also be treated in a manner and to the satisfaction of standards prescribed by the Board in accordance with the provisions of Water (Prevention and Control of Pollution) Act, 1974 as amended.
10. The air pollution control equipments, location of inspection chambers and sampling port holes shall be made easily accessible at all time.
11. In case of any episodal discharge of emission, the industry shall take immediate action to bring down the emission within the limits prescribed by the Board.
12. If applicable, the occupier has to comply with the provisions of Public Liability Insurance Act, 1991 to provide immediate relief in the event of any hazard to human beings, other living creatures/plants and properties while handling and storage of hazardous substances.
13. The issuance of this consent does not authorize or approve the construction of any physical structures or facilities or the undertaking of any work in any natural watercourse or in Government Poromboke lands.
14. The issuance of this Consent does not convey any property right in either real personal property or any exclusive privileges, nor does it authorize any injury to private property or Government property or any invasion of personal rights nor any infringement of Central, State laws or regulation.
15. The occupier shall forth with keep the Board informed of any accident of unforeseen act or event of any poisonous, noxious or polluting matter or emissions are being discharged into stream or well or air as a result of such discharge, water or air is being polluted.
16. If due to any technological improvements or otherwise the Board is of opinion that all or any of the conditions referred to above requires variation (including the change of any treatment system, either in whole or in part) the Board shall, after giving the applicant an opportunity of being heard, vary all or any of such conditions and thereupon the applicant shall be bound to comply with the conditions as so varied.
17. In case there is any change in the constitution of the management, the occupier of the new management shall file fresh application under Air (Prevention and Control of Pollution) Act, 1981, as amended in Form-I alongwith relevant documents of change of management immediately and get the necessary amendment with renewal of consent order.
18. In case there is any change in the name of the company alone, the occupier shall inform the same with relevant documents immediately and get the necessary amendments for the change of name from the Board.

19. The occupier shall display this consent order granted to him in a prominent place for perusal of the inspecting Officers of this Board.
